Description of Incident:

The victim was walking on Franklin Street at 47th Street in Swatara Township when an older model light blue Dodge Caravan swerved across the street and asked the victim if he needed a ride. The victim replied no and the driver responded, "yes you do" and reached out in an attempt to grab the victim. The victim then fled on foot towards his home. The van went south on 47th St. toward Derry St.

The victim stated that the same person approached him on May 11, 2007 at about 1500 hours in the same van and asked if he needed a ride but left the area after he said no.

The victim described the driver as a fair complected medium sized white male in his late 40s or early 50s, thin brown hair with receding hairline and oval face. On both occasions the driver was wearing a gray t-shirt.
